#### Terminal Disclaimer under 37 CFR 1.321

Micron Technology, Inc. (hereinafter "Assignee"), a Delaware corporation, is the owner of record of the entire interest in and to the captioned patent application, by the assignment recorded at Reel 12091, Frame 0655.

Assignee hereby disclaims the terminal portion of the term of any patent to issue upon the captioned application which would extend beyond the expiration of the full term of U.S. Patent 6,097,301 (hereinafter "the Prior Patent"), as presently shortened by any terminal disclaimer.

Assignee expressly does not disclaim any portion of the term of the patent to issue upon the captioned application prior to the full term of the Prior Patent if the Prior Patent expires before such full term because of failure to pay a maintenance fee, declaration of invalidity, etc. Any patent to issue upon the captioned application shall be enforceable only for and during such period that said patent is commonly owned with the Prior Patent.

In accordance with 37 CFR 3.73, Assignee, through its undersigned attorney, certifies that the evidentiary documents reflecting title to the assignee have been reviewed, and to the best of Assignee's knowledge and belief, title is in the assignee seeking to take this action. The undersigned attorney is
